

Raising Awareness of Legionella

This course raises awareness of the illnesses caused by the legionella bacteria, such as Legionnaires' disease. If you have a responsibility for maintaining premises, it is your duty to understand and manage legionella risks. The course also covers how and why the bacteria can become dangerous and helps you to understand your responsibilities by looking at the risks and how to manage them.

Course details

- One module with a multiple-choice questionnaire
- One CPD credit*
- Optional narration of the course module and questionnaire for accessibility
- Personalised downloadable certificate
- 70% pass mark
- Printable module for future reference

*1 CPD credit equals up to 1 hour of learning

Course content

What is legionella?

- Sources of legionella
- Conditions for growth
- Scenarios demonstrating risk factors

Contracting Legionnaires' disease

- How it is contracted
- Who is most at risk
- Symptoms

Managing risk

- Risk assessments
- Low and high-risk water systems
- Water testing
- Record keeping
- Reporting

Health and safety law

- Legislation and guidance relating to legionella, including:
 - Health and Safety at Work Act 1974
 - Management of Health and Safety at Work Regulations
 - Reporting of Injuries, Diseases and Dangerous Occurrences Regulations
 - Control of Substances Hazardous to Health
 - Health and Safety Executive Approved Code of Practice (ACOP)

This course is ideal for

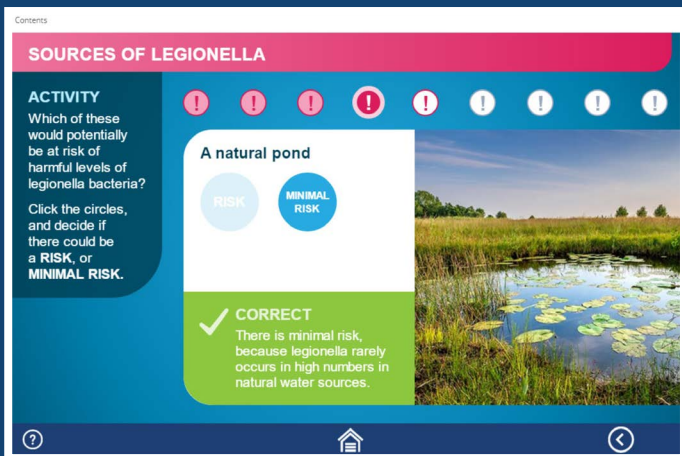

Everyone that has a responsibility for maintaining premises, including landlords, employers and maintenance staff.

Key features

- Visually engaging and highly interactive.
- Answer explanations for those who achieve the pass mark.
- Scenarios and activities to embed learning.

Purchase options

1. Available as a standalone course on the EduCare website.
2. Buy as part of one of our multi-course licences. For further information, please call +44 (0)1926 436212 to discuss purchase options and licences.

Why choose us?

“ The courses are well written and use a variety of formats and exercises to vary the learning, maintain interest and reinforce subjects. The tests at the end also ensure that learning has taken place. It's also great that the courses are continually being updated. ”
